EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tenley Krueger on 24 March 2006.

The application has been amended as follows:

In the claims:

In claim 28, at line 6, after "polymer", insert:

----blend-----.

The following is an examiner's statement of reasons for allowance: The amendments to the claims wherein the polymer blend is required to have a melt flow rate of "from about 8 dg/min. to about 12 dg/min." are sufficient to remove the grounds of rejections of the claims over the references to Galambos, Silvis et al, Wilkie, Matsunaga et al, Tanaka et al, Su et al and Mikielski et al. neither reference cited

teaches or fairly suggests the range recited. The amendment to claim 28, above, was commensurate in scope to that which the broad claims 23 and 26 were amended and agreed upon at the interview of 25 October 2005. The claims to the process of making and to the process of forming a blend into a film are hereby rejoined. No prior art has been found that either teaches or fairly suggests the composition blend, process of making the blend or process of forming the blend into a film as recited in the instant claims. Since there are no other outstanding issues with regard to the clarity or enablement of the claims, these claims are deemed to contain allowable subject matter.

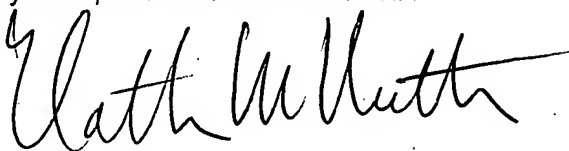

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nathan M. Nutter whose telephone number is 571-272-1076. The examiner can normally be reached on 9:30 a.m.-6:00 p.m..
